

**\*Please read all Ethics Requirements carefully as each state is slightly different, and can change frequently\***

### Western Australia Emergency Department Information System (EDIS)

**Dates Available: Jan 2002 - Oct 2018**

**Ethics Requirements:** Before accessing this data all new researchers need to register with our project listed in the Department of Health WA (DOHWA) online "Research Governance Service (RGS)". Instructions for this process will be provided to you by us. To check if you or your collaborators already have permission to access this dataset, please contact Christine Coleman (c.coleman@uq.edu.au).

**Conditions of Use:** Linked datasets can only be accessed and analysed at the main study sites, The University of Queensland, Public Health Building (Herston Campus) or The University of Newcastle, HMRI Building; or through the SURE facility.

Description	ALSWH variable name
MDC	Major Diagnostic Category (NOT ICD-10 coded)
Symptom	Symptom (presenting problem)
REF_SRC	Referral Source
