the australian longitudinal
study on women's health

d a t a b o o k

*for the seventh survey of the 1946-51 cohort
2013 (when they were aged 62-67 years)*

december 2014

Data book for the seventh survey of the 1946-1951 cohort (aged 62-67 years)

This work is copyright. Permission to use or reproduce material in this book for the purpose of free distribution is not required, provided that proper acknowledgement of the source is given. For other uses, apart from any permitted use under the Copyright Act 1968, no part may be reproduced by any process without written permission from the Director, Australian Longitudinal Study on Women's Health, University of Queensland.

Acknowledgements

This study is funded by the Australian Government Department of Health. This document was prepared by Carl Holder and David Fitzgerald, with help from the data management group of the Australian Longitudinal Study on Women's Health (ALSWH) at the Universities of Queensland and Newcastle. The research team would like to thank all participants who contributed to the project.

Notes

During 2013, 9,151 valid surveys were returned by members of the ALSWH 1946-51 birth cohort.

This data book is ordered by the order the questions occurred in the questionnaire. Some derived variables are given in place of the questionnaire items or immediately after them.

The frequencies in this data book have been weighted.

For information on the derived variables refer to the ALSWH website (<http://www.alwsh.org.au/>). The ALSWH website has general information about the project; the investigators and staff; publications and presentations; information for participants; surveys; and information for potential data users.
