## Survey for women aged 18-23

australian longitudinal study on women's health

The University
Of Queensland
australia

the university of NEWCASTLE australia

## Thank you for participating in this important study

## Instructions

- Please read the Information Statement relating to this study.
- Please answer every question you can. If you are unsure about how to answer a question, mark the response for the closest answer to how you feel.
- Please answer the survey for the time period indicated even if you are pregnant or your circumstances are unusual in some way.
- Questions marked with a star are compulsory. Often this is because your response will alter the path of the survey, tailoring it so that unnecessary content is skipped.
- You will be asked to provide your Medicare card number, so please have it ready. Please remember that your details will remain confidential.
- If you need help to answer any questions, please ring 1800068081 (This is a FREECALL number).

If you are concerned about any of your health experiences and would like some help, you may like to contact:

- your nearest Women's Health Centre or Community Health Centre
- your doctor for advice about who would be the best person in your community for you to talk to.

If you feel distressed now and would like someone to talk to, you could ring Lifeline on 131114 (local call).
