# How to complete this survey

*This is the eighth survey for the women of the 1973-78 cohort. As the purpose of the project is to look at changes over time, some of the questions are the same as those in previous surveys.*

*Please answer every question you can. If you are unsure about how to answer a question, mark the response for the closest answer to how you feel.*

**Please answer the survey for the time period indicated even if you are pregnant or your circumstances are unusual in some way unless the question states otherwise.**

**DATA LINKAGE:** As you know (informed via the newsletter since 2004), Medicare Australia has agreed to regularly provide information held by them to ALSWH without your needing to consent every time. Other information such as birth and death records, disease registers and hospital discharge records, aged care and community datasets, will also be available (names and other personal details are not included with the information). You don't need to do anything as a result of this information. However if you have any questions about this process or you want to opt out, call the Freecall number: 1800 068 081. For more information, see the newsletter: <https://goo.gl/mGr9hh>

Q131 Did someone help you fill in this survey? (Mark one only)

- No
- Yes, but I told them the answers I wanted
- Yes, but the helper answered for me using his / her own judgement

Q132 What was the MAIN reason for your needing help to fill in this survey? (Please describe)

Q133 Sometime in the next five years or so many of you will be going through the menopausal transition, a key life stage for women. Understanding the relationship between reproductive history and health *before menopause* is likely to be key to improving the health of women in later life.

Would you be interested in participating in a sub-study entitled Menstruation - to - PreMenopause (M-PreM)? This would involve a free comprehensive check-up at a health clinic.

Your participation in this world leading project will contribute to developing more timely and tailored health initiatives that promote healthy ageing for all Australian women.

If you are interested in taking part and still have your periods, we will contact you with more information within the next 12 months.

- Yes, I am interested
- No, I am not interested
