How to complete this survey

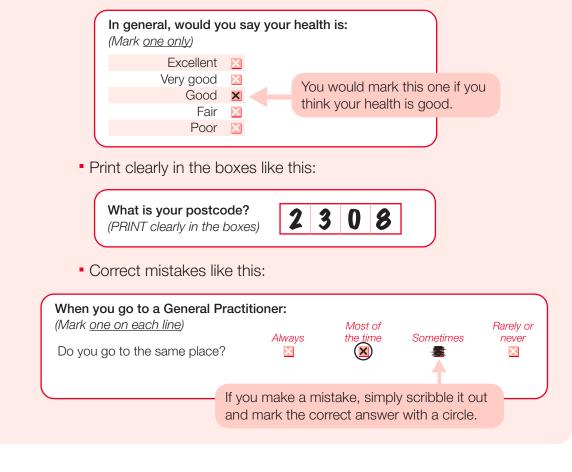

This is the tenth survey for women in your age group. As the purpose of the project is to look at changes over time, some of the questions are the same as those in previous surveys.

Please answer every question you can. If you are unsure about how to answer a question, mark the response for the closest answer to how you feel. Please write any comments or important information on page 34, unless instructed otherwise. We are not able to read comments written elsewhere throughout the survey.

Please read the instructions above each question carefully. Some require you to only answer those options which are applicable to you. Other questions require you to mark one answer on each line. The questions may also refer to different time periods.

INSTRUCTIONS • Use a black or blue pen

- Do not fold or bend this survey
- Cross the boxes like this:

DATA LINKAGE: As you know (informed via the newsletter since 2004), Medicare Australia has agreed to regularly provide information held by them to ALSWH without your needing to consent every time. Other information such as birth and death records, disease registers and hospital discharge records, aged care and community datasets, will also be available (names and other personal details are not included with the information). You don't need to do anything as a result of this information. However if you have any questions about this process or you want to opt out, call the Freecall number: 1800 068 081. For more information, see the 2021 newsletter: https://www.alswh.org.au/participants-newsletter/2021/.

If you need help to answer any questions, please ring 1800 068 081 (This is a FREECALL number).

- If you are concerned about any of your health experiences and would like some help, you may like to contact:
 - your nearest Women's Health Centre or Community Health Centre;
 - your General Practitioner for advice about who would be the best person in your community for you to talk to.
- If you feel distressed <u>now</u> and would like someone to talk to, you could ring Lifeline on 13 11 14 (local call).

Note: No commercial gain or sponsorship is provided to ALSWH for the inclusion of brand names in the survey.
